Agenda

Introduction

- PBS Data Distribution Project background and timeline

Beta

- Signing into the HPP
- Lodging a 'Request access to PBS embargo data API' form

PBS Data Distribution Project

Background

The Department of Health is modernising the consumption and data distribution model for the monthly PBS Schedule data, in order to:

- Improve accessibility to PBS Schedule data;
- Make the data easier to understand and use in software; and
- Improve data latency and data provision through best practice architecture.

PBS Data Distribution Project

User Journeys

What can PBS embargo data users do in the HPP?

Manage

- Personal profile details
- Apply for Embargo data API access
