Agenda

Introduction

- PBS Data Distribution Project background and timeline

Beta

- Signing into the Developer Portal

- Requesting a bearer token

- Retrieving API data

Australian Government
Department of Health and Aged Care
PBS Data Distribution Project

Background

The Department of Health is modernising the consumption and data distribution model for the monthly PBS Schedule data, in order to:

- Improve accessibility to PBS Schedule data;

- Make the data easier to understand and use in software; and

- Improve data latency and data provision through best practice architecture.
